Suyashaa Vaidya

Software Developer | JavaScript, TypeScript, React.js, Node.js

Kathmandu, Nepal | +977 9863481896 | suyashaa123@gmail.com | linkedin.com/in/suyashaa-vaidya | github.com/suyashaa14

SUMMARY

Software Developer with 3+ years of experience building and maintaining production web applications with JavaScript (ES6+), TypeScript, React.js and Node.js. Works well in review-driven teams: implements well-scoped components and enhancements, writes unit tests, debugs and fixes reproducible defects, integrates REST APIs, and keeps code comments and setup documentation up to date. Founder of Lunera Online Business Pvt. Ltd. (online silver business) and built its website personally. Holds a Bachelor of Computer Applications (BCA) and wants to keep growing under senior guidance in a structured engineering team.

TECHNICAL SKILLS

Programming: JavaScript (ES6+), TypeScript, HTML5, CSS3, SQL

Frameworks and Libraries: React.js, Redux Toolkit, Node.js, Express.js, Nest.js, Tailwind CSS, Bootstrap

Testing and Debugging: Unit Testing (Vitest, React Testing Library), Chrome DevTools, defect reproduction and root-cause analysis, code reviews

Version Control and Workflow: Git, GitHub, Bitbucket, branching and pull requests, issue tracking (Jira, Trello), Agile

APIs and Integrations: REST APIs, Firebase, Agora SDK, Google Maps API, payment gateways (eSewa, Khalti, Stripe, PayPal)

Documentation and Tools: Technical documentation, README and setup guides, MySQL, Figma, WordPress

PROFESSIONAL EXPERIENCE

Founder and Owner, Lunera Online Business Pvt. Ltd.
Kathmandu, Nepal | August 2025 - Present

- Started and run an online silver business selling handcrafted pure silver jewellery (luneraonlinestore.com).
- Designed and built the business website myself, end to end.

Freelance Frontend Engineer and UI/UX Consultant, Independent Contractor
Remote | July 2024 - Present

- Built and led frontend development of a real-time communication and appointment-booking platform using React.js and TypeScript, coordinating a team of up to 6 across design and backend.
- Integrated Agora SDK and Firebase to deliver real-time video, voice and chat with sub-second latency.
- Implemented payment flows for eSewa, Khalti, Stripe and PayPal with client-side validation and error handling, supporting local and international checkout.
- Shipped 5+ production websites for Australian B2B clients, improving SEO rankings and page performance through optimized, accessible markup.
- Reduced the production bug backlog by reproducing and fixing defects, taking part in code reviews and building reusable component libraries.
- Wrote setup instructions and handover documentation so clients and other developers could run and maintain each project.

Full-Stack Developer, Wolfmatrix Pvt. Ltd.
Sanepa, Kathmandu, Nepal | June 2022 - June 2024

- Led frontend development of a logistics and tracking platform with live Google Maps API integration for real-time fleet visibility.
- Revamped legacy React and WordPress projects, improving UI/UX consistency and load performance.
- Delivered full-stack features with React, TypeScript, Node.js, MySQL and REST APIs in an agile, remote-first team, using Git pull requests and code review.

PROJECTS

- **Lunera Silver Store** (luneraonlinestore.com): website for my own online silver business, designed and built by me.
- **Personal Portfolio** (React, TypeScript, Vitest, GitHub Actions): unit and component tests, validated contact form, and a CI pipeline running lint, type-check, tests and build on every push.
- **Communication Management System** (React, TypeScript, Firebase, Agora SDK): real-time video, voice and chat with appointment booking.
- **Logistics and Transport System** (React, Google Maps API): live shipment and fleet tracking dashboard.
- **Client Websites** (live): b2bgorkhaflooring.com.au (SEO-optimized B2B site), nyxneural.com.au (animated marketing site), 10xjoinery.com.au (mobile-first business site).
- **Movie Recommendation System** (React, Nest.js, Python): recommendations based on user preferences and ratings.

EDUCATION

Bachelor of Computer Applications (BCA), National College, Kathmandu, Nepal | 2018 - 2023 | GPA: 3.49 / 4.0
